BOARD N' TRAIN

(Puppies 16 wks. to Adult)

Our Board N Train program has been developed and refined over the past 35 years to bring you and your dog success in reaching your training goals. Our program is immersive and your dog will experience learning and training custom tailored to their specific needs. Your dog is monitored 24/7 and we ensure not only will your training goals be established but we also make sure your dogs' physical and emotional needs will be fulfilled. Your dog will work with multiple trainers to help with not only socialization but generalizing behaviors. In order to help with your long-term success, we encourage follow up training so that you can learn how to reinforce the skills your dog has learned from our professional training staff. Each Board N Train dog receives additional training in our Boarding and Daycare Manors Program. Our goals include but are not limited to:

- Relationship Development with learning and reward systems.
- Socialization (Dog on Dog, Livestock, human and environmental interaction)
- Obedience (sit, down, come, heel, stay, bed) with the goal of off leash reliability
- Problem Prevention and Solving (Anxieties, Aggression, Chewing, Digging, etc.)
- General Manors (Jumping, Counter Surfing, Barking, lunging, accepting grooming etc.)
